VOICES OF THE RESISTANCE

SING OUT, LOUISE!

EPSTEIN & EPSTEIN

Epstein & Epstein
& Epstein & Epstein.

Epstein & Epstein
& Epstein & Epstein.

Epstein and, OH! Epstein—
Epstein-Epstein…

Epstein & Epstein & Epstein-Epstein!!!

Epstein-Epstein! Epstein-Epstein!
Epstein-Epstein, oh!

Yes—Epstein & Epstein
& Epstein-Epstein!
Epstein & Epstein—Epstein! !!!

GOODBYE, DONNY

Well, goodbye, Donny. No more lies, Donny.
We can't wait to send you back
  where you belong!
You're counterfeit, Donny.
Full of shit, Donny.
Need more curses for these verses—
  you are worse than wrong.
The GOP Senate and the creeps in it:
Nauseating, calculating every crime.
Well…pack it in, Johnny.
Cue up the violin, Johnny.
Follow your MAGA Man into the slime!

Well so long, Donny.
You were wrong, Donny,
We were great before your hatred
  came to town!
And Cheerio, Putin, time to go, Putin—
Tho your kompromot was on the spot
  he's going down.
Yes, go to hell, Donny. Rot in jail, Donny,
For your treason or your sleazin'—
  take your pick!
You're…such a schmuck, Donny.
Your ass is outta luck, Donny.
Donny the Con,
  you're worse than Tricky Dick.

BIG FINISH!
Golly gee, Donny!
This is democracy, Donny!
Donny we'll never go away!
Promise you, Don, we're here to stay!
Donny the Con, you're gonna pay,
you prick!

BE ANTIFA

I march in every protest & I'm proud.
I never feel alone in that crowd.
And when I look around these days,
there seems to be a real Antifa craze!

CHORUS I'm Antifa, he's Antifa,
she's Antifa, they're Antifa—
Wouldn't you like to be Antifa, too?
I'm Antifa, he's Antifa,
she's Antifa, they're Antifa—
If you love freedom, you're Antifa, too!

Antifa are an interesting breed:
Some buttons & signs are all we need.
Ask any Antifa, they will say:
"Time to make the fascists go away!"

CHORUS Be Antifa! March with Antifa!
Come on! X4

FAITH

Well I think it would be nice,
  if we could ditch you, Donny—
Maybe commit you, Donny,
cuz you gotta loose screw-ew-ew.
No! You never think twice:
This is not constitutional—
Cuz you are sick, delusional—
  a juvenile cuckoo.
You better serve hard time
  for this whole disaster—
You have got a lot to answer for!
The world you're tearing dow-own
  will come back faster—
Once we try you as a traitor,
  send you to El Salvador!

CHORUS Yeah, we gotta have faith.
We gotta have fai-aith.
Oh yeah—we gotta have
  faith-a faith-a faith.
We gotta have faith-a faith-
  a faith-ahhh!

Baby! You know we didn't come to play,
so please, please, please sashay away
You are giving us the blue-ue-ues.
Maybe—this will upset the MAGA men,
We want democracy again
  not another day loaded down
with a lotta bad news.
Just watch this river become an ocean.
Listen, do you hear that mighty roar?
Yeah baby, we'll keep resisting
  your evil notions—
We have had it up to here
and we are saying not one more!
CHORUS

DON'T LIE ABOUT \VENEZUELA

Don't lie about Netanyahu!
The truth is still Jeffrey Epstein!
And naked treason. It's all so numbing.
But this we promise: The end is coming.

And don't lie about Starlink shutdowns!
The truth is still Jeffrey Epstein!
And naked treason. It's all so numbing.
But this we promise: The end is coming.

And don't lie about Zacharia!
The truth is still Jeffrey Epstein!
And naked treason. It's all so numbing.
But this we promise: The end is coming.
Yes this we promise: The end is coming.

WE WILL SURVIVE

At first we were afraid,
  we were petrified…
by the sight of all those nasty Nazis
  by your side,
The spectacle of stupidness—
  the corruption on display:
The pay to play—
  your crooked crypto roundelay!
A Court that reeks—your team of freaks—
The circus clowns and foolish fucks
still keen to suck on your asscheeks.
Just when you think it can't get worse,
just when you think it's too obscene
Then RFK comes on the news
  to kill another key vaccine!

CHORUS Go on now, go,
you Russian whore!
Just turn around now,
cuz you're not welcome anymore.
Go slap your stupid name
  on everything in town—
Some stable genius:
  Inflation's up and you are down—
Oh no, gurl, bye! We will survive—
Oh, as long as we are stuck with you,
the fight will stay alive.
And thru every toxic twist,
we'll have the courage to resist.
We'll survive! We will survive!
Hey Hey!

DANCE BREAK

With your buddy Epstein dead
  before he went to trial,
You thought you'd buried any mention
  of your Pedo File.
Well, character is destiny,
  you are a psychopathic ape:
You can't escape—
  we'll make you pay for every rape!

Yes, Dirty Don… soon you'll be gone—
You'll rot in jail, you fucking fail—
on planet Earth we will move on.
We'll get economic justice,
  and we'll turn to climate change:
Gonna leave you fools behind us,
there's a world to rearrange!

CHORUS Go on now, go,
you Russian whore!
Just turn around now,
cuz you're not welcome anymore.
Go slap your stupid name
  on everything in town—
Some stable genius:
  Inflation's up and you are down—
Oh no, gurl, bye! We will survive—
Oh, as long as we are stuck with you,
the fight will stay alive.
And thru every toxic twist,
we'll have the courage to resist.
We'll survive! We will survive!
WE WILL SURVICE!

OVER THE RAINBOW

Somewhere over the rainbow,
love trumps hate.
Black lives matter to all,
and people can immigrate.

Somewhere over the rainbow, we rejoice.
Women get equal pay
and make our own goddamn choice!
Somewhere there is no Cheeto Czar
and all the fascist fools
are far behind me!
There's health care when you
have an ache,
and Christians have to bake. Gay. Cake.
With Hot! Pink! Icing!

Somewhere over the rainbow,
we're all free…
They can never erase us,
  L. G. B. Q. and T!
The facts are not alternative.
Let's bring the rainbow here …
and fight…to live.
