SING-ALONG!

FASCIST WONDERLAND (Winter Wonderland)

Say goodnight... to your freedom...

Civil rights...? Do not need'em!

Suppressing our votes and blowing up boats,

Living in a fascist wonderland!

He's immune... while he's stealing...

Every goon... double-dealing...

Immigrants snatched. Our data is cached,

Living in a fascist wonderland!

At the White House, he tore down the East Wing!

Such a Mar-a-lago kinda guy!

In the Oval, tonsa tacky, cheap bling—

like a trailer crashed into Versailles!

Ask your gramps... we'll be interned...

Sent to camps... lessons unlearned

Til then we will stay...and fight every day

Against this fucking fascist wonderland x3

GOD REST YE, MAGA GENTLEMEN (God Rest Ye)

God rest ye, MAGA gentlemen,
let nothing you dismay—
Ignore those prices rising ever higher every day.
Your Donny swore the tariffs were
for Xi Jinping to pay—
Oh-oh tidings of cha-aos and doom,
chaos and doom!
Oh-oh tidings of cha-aos and doom.

God rest ye, MAGA gentlemen,
America's still first—
Though any Saudi murderer
can rifle through our purse.
We're bombing random fishermen
and Gaza's getting worse.
Oh-oh tidings of cha-aos and doom,
chaos and doom!
Oh-oh tidings of cha-aos and doom.

God rest ye, MAGA gentlemen,
you wanted all this shit.
From RFK to Elon Musk to JD Vance, that twit.
We told you so—now do you know
the crime you did commit?
Oh-oh tidings of cha-aos and doom,
chaos and doom!
Oh-oh tidings of cha-aos and doom.

LESS CHRISTIAN (It's Beginning to Look a Lot Like Xmas)

They're beginning to look a lot less Christian,
with their raids and bans.

No more helping thy neighbor out,
that's not what they're all about.

Your near-and-dear get disappeared in vans!

They're beginning to look a lot less Christian,
marching for white pride.

That's the modern-day GOP: the party of Robert E. Lee!
Lincoln would... have... died.

I guess that turning your cheek is pathetic and weak.

Lying all day is OK!

Helping the needy is stupid—be greedy!

Take their health care away!

Their paradise is run by ICE!

Now, bow your heads and pray!

They're beginning to look a lot less Christian:

Charity's for fools.

That do-unto-others bit was always a load of shit—

the boys who take now get to make the rules!

They're beginning to look a lot less Christian.

What would Jesus do?

Would he try to hide the files

and stick with the pedophiles?

Do they speak for... speak for... speak for you?

EPSTEIN & EPSTEIN (Favorite Things)

Epstein and Epstein and Epstein and Epstein.
Epstein and Epstein and Epstein and Epstein.
Epstein and, Oh! Epstein—Epstein-Epstein...

Dumb-ass disarray!

O, what nightmare will we find
in the morning news toda-ay!

Jingle bells! Diaper smells! Worms in every brain!
Nightmares of the KKKind, now the country's gone
insane!

Karoline's a card—lies are so much fun to sell...
Pam is blinding hard—babysitting Kash Patel!
Pete says bombs away—RFK wants us all dead!
JD prays today that Trump will really shit the bed! Oh!

CHORUS

Every crypto bro—mints a coin for pay-to-play!
The court says go-go-go and gerrymander all the way!
ICE is on the job—rounding up the black and brown...
Don's so busy robbing, Rome is really burning down!

Oh! **CHORUS**

MAKE HIM GO (Let It Snow)

O, the fellow is mean and spiteful
and his government is frightful.

It's time to say no, no, no!

Make him go! Make him go! Make him go!

Yeah, the idiot's undeserving
and his policies unnerving—

It's a billionaire bigot show.

Make him go! Make him go! Make him go!

Junior's gotta be smoking meth...

Jared is hot on the take.

But with Miller and Pete Hegseth...

Don takes the KKK cake!

He's a moron and he's a traitor,

a liar and a hater—

Just a sorry-ass CEO.

Make him go! Make him go! Make him go!

FUCK YOU ALL (Deck the Halls)

Fuck you Donny, Fuck your minions! Fa-la-la-la...

GRABBY PAWS IS COMING (Santa Claus Is Coming)

He'll make a big mess and triple the debt.

That's what you get with Vladimir's pet!

Grabby Paws is coming to town.

He's golfing all year at Mar-a-lago—

We pay the tab, or didn't you know?

Grabby Paws is coming to town.

He'll grab you when you're sleeping,

he'll grab when you're awake.

He'll grab you with his tiny hands—

he's a foul disgusting snake!

He's casing the swamp & draining it twice.

Having a romp while we pay the price.

Grabby Paws is coming to town.

Saudi's crown prince offers to buy?

Don doesn't care if he murders a guy!

Grabby Paws is coming to town.

He'll grab you by the pussy,

then say the grab was fake.

And by the way, your right to Choose

is the next thing he will take!

He'll grab Vladimir a piece of Ukraine!

Then say it's a smear and circle the drain!

Grabby Paws is coming...Grabby Paws is coming...

Grabby Paws is coming...to town!

RUDOLPH THE GUNSHOT VICTIM (Rudolph)

Rudolph the red-nosed reindeer
 would be pulling Santa's sled,
But Dasher & Dancer lost it & shot the little fellow dead.
Any old crazy reindeer can walk into a damn gun show.
Nobody checks their background to sell 'em rifles & ammo.
On that tragic Christmas Eve, Santa cried & screamed:
His anger cracked the old North Pole:
 Why can't we have some gun control?
All of the reindeer miss him.
 They wish the world could be gun free.
Rudolph the gunshot victim, such a sorry tragedy...

LITTLE TRUMPER BOY (Little Drummer Boy)

Come, we told you—you gotta pump Trump!
Some crypto for the king—unless you're a chump!
Some gaudy golden bling—you gotta pump Trump!
Your finest gift you'll bring—a throne for his rump!
 He doesn't slump... not at all plump!
You must flatter him—when he takes a dump....
 Get a sump pump.

Come, we told you—you gotta dump Trump!
His help does not come free—he'll tell you to jump!
Dictator wannabe—and such a dumb lump!
Wears diapers for the pee—you gotta dump Trump,
 flat on his rump! With a wet flump!
Come and join us—we're gonna dump Trump,
 give him the bump.

O, KRISTI NOEM (O, Tannenbaum)

O RFK, O RFK, the weirdest
of Trump's weasels.

O RFK, O RFK, you're bringing
back the measles.

You'd rather seize conspiracies,
than let the doctors cure disease—

O RFK, O RFK, loves roadkill
more than people.

O little Steve, O little Steve,
the mighty Mister Miller.

O little Steve, O little Steve, you are no lady killer.
You puff and spew your hateful stew,
and look just like Nosferatu—

O little Steve, O little Steve,
the Triumph-of-the-Willer.

O Kristi Noem, O Kristi Noem,
Dakota's own ICE Barbie.

O Kristi Noem, O Kristi Noem,
you fascist, duck-faced harpy.

You smirk and sneer in cosplay gear,
while immigrants all live in fear—

O Kristi Noem, O Kristi Noem,
who shoots their children's puppy?

KUSHNER KUSHNER KUSHNER

(Dreidl Dreidl Dreidl)

Prince Bone Saw is his bestie—
or anyone with dough.

That Gaza is so pesky—
right where hotels should go!

Oh, Kushner Kushner Kushner
the prince of pay-to-play,
To give the Don a push-ner,
Qatar went Jared's way.

He made a deal with Russians
to sell out poor Ukraine.

Don't sweat the repercussions,
just pop some more champagne!

Oh, Kushner Kushner Kushner,
the prince of greed and grift—
To give the Don a push-ner,
just give the boy a gift!

O, COME ALL YE CROOKED

(O, Come All Ye Faithful)

O, come all ye crooked, rotten and perverted!

O, come ye, o come ye to Washington.

Pillage and plunder, with your ocher joker.

O, come, watch him corrupt it.

O, come, watch him corrupt it.

O, come, watch him corrupt it—
demo-ocracy.

Pardons and pay-offs, crypto for the kiddos—

Make Ghislaine cozy

or she'll spill Epstein's beans!

Hang on to power with a gerrymander.

O, come, watch him destroy it.

O, come, watch him destroy it.

O, come, watch him destroy it—
Ame-erica!

Marjorie...Donny T (Silver Bells)

With her bleached hair and her blank stare,
there is no one like Greene—

She would do anything for her Donny.

But now the cheeto is a pedo

hiding all things Epstein,

And on every street corner you hear:

Marjorie...Donny T...

It's breakup time for the cuckoos.

It's a dream, hear them scream?

Soon they will all go away!

With his bleached hair and his blank stare,
there is no one like Trump—

And he loves when a lady is loony.

But now the hater's screaming traitor,

Marjorie's just a chump.

Yes, on every street corner you hear:

Marjorie...Donny T...

It's breakup time for the cuckoos.

It's a dream, hear them scream?

Soon they will all go away! X2

DONNY THE CON MAN (Frosty the Snow Man)

Donny the con man is a nasty, hateful soul.

Just an angry man with a spray-on tan,
telling lies about clean coal.

Donny the con man did a job Election Day.

Telling young white men they'd be great again
if they'd let him have his way.

They'll never see how tragically
he played them all for fools.

He fed them lies to polarize—to him they're only tools!

O! Donny the con man says there is no climate change.

It's a lefty plot— isn't getting hot! He is totally deranged.

Chumpity chump chump, Donny the Trump—
it's just a circus show.

Chumpity chump chump, Donny the Trump—
off to hell we go!

Donny the con man never built his a great big wall.

When corona came, he would take no blame,
said that bleach would cure us all.

Brown, trans, or Muslim, say goodbye to civil rights!

With the KKK in the DOJ, he has got us in his sights.

He guards his prize with petty lies,
like any cornered thief—

But don't you frown, we'll take him down,
the terrorist in chief!

O! Donny the con man, in the end you'll have to pay:

We will wave goodbye, and we'll say nice try,
and we'll Send. You. On. Your. Way!
