8. MAR-A-LAGO! (Oklahoma!)

Mar—a-Lago! Where the lies are thicker than the steak!
And the weekend set will not say nyet,
    if there's any law you want to break!
Mar—a-Lago! It's the wet dream of the GOP:
All the racist rats & kleptocrats dip a toe into the rising sea!
But Putin is no nouveau riche & he's got dopey Don on a leash!
CHORUS ***So when we say… WHOA!***
    What did he do today?... NO!
We're only sayin' stay there for good,
    Mar-a-Lago! Mar-a-Lago! Oy vey!

Mar—a-Lago! It's a temple to vulgarity:
Where the crooked class, can raise a glass to expanding inequality!
Mar—a-Lago! Where the mobsters pay each other off!
And they pass a stash of dirty cash,
    while they play another round of golf!
We know he belongs to old Vlad, cuz the cad is a tad like his dad!
CHORUS

Mara-Lago! Mara-Lago! Marla Maples! Marla Maples!
    Stormy Daniels! Omarosa!
We know that you signed an NDA, but we want you to talk anyway!
So when we say… WHOA! What did he do today?... NO!
We're only sayin' stay there for good,
    Mar-a-Lago! Mar-a-Lago! M A R A L A G O Marala—GO!

9. DARLINE *(Dolly)*

CHORUS ***Darline, Darline, Darline, Darline…***
    We begged you, Darlin, stay away from Don.
Darline, Darline, Darline, Darline…
    Now it's too late, your dignity is gone.
I guess you didn't understand: That Mar-a-lago's Maga man
    Would drop you in the fryin' pan, Darline.
Bare competence you did not bring, said foreign stuff was
    not your thing, just stood there like a ding-a-ling, Darline
Old Lindsey was beyond compare, no oath too false for him
    to swear, a bitter, aging, raging closet queen.
Your bro was blackmailed by this lout, he didn't want his secret out,
    And Annie beat you in a rout, Darline!
CHORUS ***Darline… Darline…***

10. GONNA MAKE THOSE RED STATES BLUE *(Gayle)*

Coast to coast… the voters queued.
Had to roast that MAGA crew. Guess the nightmare's through!
    We went and made some red states blue.
Gonna sing a different song.
Took the House, the Senate's strong. Don can cry it isn't true!
    We went and made some red states blue!

Tired of the hatred, tired of the lies.
    Sick of the stupid, the sleaze and the spies.
Iowa, Georgia, and Texas got wise!
    GOP's done … So long, and good-bye!

Gun control, Green New Deal, Obamacare has real appeal
    In those red states too-ooo!
We went and made some red states, went and made some
    red states, frickin' made some red states blue! ***X2***

DON'T F*CK WITH DEMOCRACY sing-along

SING OUT, LOUISE!

1. SOUTH CAROLINE *(Neil Diamond)*

KAZOO Where it began… Way back in twenty-sixteen,
    Even before, with Epstein's crimes.
Billionaire bros… Paying off politicians
    We live in venal, vicious times.
Hands… Linkin' hands… Reachin' out…
Turnin' out, turnin' blue!
South Caroline! Iowa and Texas too!
    It's pay-back time! What will poor old Donny do?

Yes, we can… Clean up the court, get rid of dirty money,
    Lookin' ahead at sunny days.
Equality… Equity, and inclusion… Finding a fair solution pays.
Hands… Linkin' hands… Reachin' out…
Turnin' out, turnin' blue!
South Caroline! Iowa and Texas too!
    It's pay-back time! What will poor old Donny do?

Yes, we can… ***KAZOO***
South Caroline! Good times never seemed so good!
South Caroline! We believed they never could—
Sweet Caroline! Good times never seemed so good

2. BATTLE HIM

Mine eyes have seen the story of the coming of the Trump.
With a slew of lies he mobilized the moron & the chump.
The country drank the Kool-aid down & landed on its rump,
But we are marching on. Glory, glory hallelujah...

He's the cherry on the sundae of the racist & the rich,
So afraid to pay their taxes, they will scratch a fascist itch.
They believe he's Mussolini, but he's only Putin's bitch!
So we are marching on. Glory, glory...

For his thievery in Kyiv the House impeached the lying lout.
Jan-u-ary Six he pulled his tricks & threw a rowdy rout.
Now MAGA's back—so it's our task to throw the scoundrel out!
Till then, we're marching on! Glory, glory...

Well, his tariffs wrecked the markets & the country's 'bout to fail,
So he hatched a plan to bomb Iran, threw protesters in jail.
Election Day, we made him pay, and now he's off to hell!
Yes, we are marching on! Glory, glory...

3. EPSTEIN & EPSTEIN (Favorite Things)

Epstein and Epstein and Epstein and Epstein.
Epstein and Epstein and Epstein and Epstein.
Epstein and, Oh! Epstein—Epstein-Epstein…
Epstein and Epstein and Epstein-Epstein!!!
Epstein-Epstein! Epstein-Epstein! Epstein-Epstein, oh!
Yes—Epstein and Epstein and Epstein-Epstein!
Epstein and Epstein——Epstein!!!!

4. OVER THE RAINBOW (Judy)

Somewhere over the rainbow, love trumps hate.
Black lives matter to all and people can immigrate.
Somewhere over the rainbow, we rejoice.
Women get equal pay & make their own goddamn choice!

Somewhere there is no Cheeto Czar
    and all the fascist fools are far behind me!
There's health care when you have an ache & Christians
    have to bake. Gay. Cake. With Hot! Pink! Icing!

Somewhere over the rainbow, we're all free…
They can never erase us, L. G. B. Q. & T!
The facts are not alternative.
    Let's bring the rainbow here…and fight…to live.

5. HOPE IS ALL AROUND (Mary Tyler Moore Theme)

Who can turn the world on with his smile?
Who can take on politics—
    and suddenly make it all seem worthwhile?
Well, it's you, boy, your name is Zohran…
    With each word you terrify the mad MAGA moron.
Fuckin' love this town, they'll never break it.
    Hope is all around, they cannot shake it—
We're gonna make it after all! **KAZOO**
We're gonna make those fascists fall! **KAZOO**

6. FAITH (George Michael)

Well I think it would be nice, if we could ditch you Donny,
Maybe commit you, Donny, cuz you gotta loose screw-ew-ew.
No, you never think twice: This is not constitutional
Cuz you are sick, delusional, a juvenile cuckoo.
You better serve hard time for this whole disaster—
    You have got a lot to answer for!
The world you're tearing dow-own will come back faster—
Once we try you as a traitor, send you to El Salvador!
CHORUS ***Yeah, we gotta have faith. We gotta have fai-aith.***
Oh yeah—we gotta have faith-a faith-a faith.
We gotta have faith-a faith-a faith-ahhh!

Baby! You know we didn't come to play,
    so please, please, please sashay away—
You are giving us the blue-ue-ues.
Maybe—this will upset the MAGA men,
We want democracy again
    not another day loaded down with a lotta bad news.
Just watch this river become an ocean.
    Listen, do you hear that mighty roar?
Yeah baby, we'll keep resisting you evil notions—
We have had it up to here,
    and we are saying not one more! **CHORUS**

7. PUPPET KING (Dancing Queen)

You can dance, you can jive, tweeting out lie after lie
Oo-oo-ooh, see that fool, so obscene.
    Poor little puppet king
You keep sayin' you are so tough...
    Fightin' words all the fascists...love.
Tariffs where there were treaties,
    stirrin' up the hate, will never make us great.
Anybody can see the truth...
    You're a traitor, we got the...proof.
Turned your back on Zelenskyy—such a sorry show.
You made it really clear... You obey Vladimir...

CHORUS ***You are the puppet king:***
    Dan-gle-ing from your Russian strings!
Puppet king: The KGB owns the GOP! Oh, yeah!
You can dance, you can jive, tweeting out lie after lie
Oo-oo-ooh, see that fool, so obscene.
    Poor little puppet king!
Was it blackmail or bribery? Dirty money or maybe...pee?
Long as you go to prison—we don't really care.
Justice is getting near... Go cry to Vladimir... **CHORUS**
